Engendering Development

*Promoting human development of the disadvantaged communities
with Gender Perspectives*

Vision

SACHET Pakistan founded in 1999 is a voluntary social welfare, not for profit organization. SACHET strives in partnership with communities, public and civil society organizations to develop a society based on three core values of sustainable human development i.e. self esteem, freedom of choice and tolerance; a society where all have equal access to opportunities and justice irrespective of gender, color, creed, race and status.

Message from the President

The fifteenth (15th) Annual Report 2013 gives me the opportunity to again express gratitude for the generosity, the guidance and the cooperation SACHET-Pakistan received from its sponsors, partners, philanthropists and from untiring executive team. This made possible to extend material help and services for the benefits of communities and individuals in the multiple fields of education, health, training for income generating skills, awareness and advocacy of social issues.

It is hoped that the Annual Report 2013 will clearly show the sustained and cost effective efforts which SACHET has been making during the last decade and a half towards fulfillment of ideas upheld by the Society as well as towards expectations of the public. During the year ending June 2013, SACHET Clinics provided free primary health care to 30,564 persons mostly poor, indigent men, women and children. It cost SACHET Rs. 176 per patient per year to provide this free primary health care. This is in stark (even shocking) contrast to the cost, a rural person has to pay just for one visit if he goes to a private medical facility (often located at a distance entailing extra transport cost). Through its awareness, skills development, advocacy and awareness programs, SACHET took its message to 3,576 persons during 2013. The cost per person for running these programs is nominal Rs. 1,564/- per person. But the benefit and value addition in the quality of life of individuals and communities served is beyond quantitative measurement.

The costs of running these programs are steeply increasing making it difficult to sustain required programs, unless financial resources are beefed up. The number of individuals and communities needing these programs is increasing due to erosion of incomes. This necessitates running these programs with a wider coverage and with greater vigor. The patron and benefactors of SACHET are aware that SACHET has not been soliciting financial support during the past decade and half of its existence. It has always relied on its own human and financial resources to back its programs. However this task is becoming increasingly difficult. This Annual Report summarizes the Millennium Development goals and the lagging performance of the Pakistan in achieving the committed targets of MDGs. This further underlines needs to enlarge efforts of social development.

As this report indicates, SACHET now solicits support to endow donations and grants from individuals, institutions and local government to maintain and step up its efforts. We are grateful for all the help we have been receiving thus far.

*Dr. A.Q.Khan, NI & Bar, HI
Founder President
SACHET Pakistan*

Program Areas

On furtherance of its vision, SACHET follows gender sensitive ethical values in its organizational policies and in implementing its programs. The programs are both need and right-based; with provision of free primary health care, education, training, skill development, child protection, prevention of violence against women and harassment and removal of discrimination in society on the basis of gender, class, ethnicity, religion, cultural diversity at the heart of its programs.

Beneficiaries

- Children, adolescents and youth, women and men indigents particularly for health, education and training programs within the communities served.
- Female victims and survivors of violence for health, education and socio-economic empowerment programs.
- Women, girls, men and boys for interventions aimed at ending gender based violence, including dowry violence and other gender issues.
- Disaster hit underserved and underprivileged communities of rural Pakistan
- Community elders, local government administrators, artisans, teachers, religious leaders, lawyers, media practitioners etc.

Geographical Coverage

The geographical areas of interventions through SACHET's programs include districts of Islamabad, Rawalpindi, Attock, Chakwal, Mandibahauddin, Jehlum, Gujrat, Khushab, Sargodha, Bhakar, Mianwali and Faisalabad.

The outreach of advocacy and awareness programs of SACHET is country wide, through networks, seminars, radio programs and dissemination of communication material.

Services rendered during 2013

Health

Health is the largest program of SACHET among all other services and 70 % of resources are allocated for services in the health sector. The services rendered are free primary health care, maternal and child health, including preventive care, family planning, referrals for secondary and tertiary medical care, awareness against HIV and AIDs, hepatitis, communicable diseases, anti-natal care including maternal counseling.

As per SACHET Health Management information system (HMIS) for the year 2012-13, a total number of 30,564 patients received free medical care for communicable and non-communicable diseases at SACHET Clinics, located at Pathargarh, Banigala, Pinyali and Gagri. This translates to 116 patients receiving free treatment daily from all SACHET Clinics. The cost for free treatment per patient works out Rs. 176/-

Clinical Conditions	No. of Cases with Communicable Diseases from July 2012-June 2013				Total Cases

Central Zakat Administration Government of Pakistan provided Rs. 1,000,000/- (Rupees one million) from Zakat funds for provision of medicines. M/S Hilton Pharma, Karachi also provided medicines worth Rs. 186,000/- as a grant, making it possible to provide free primary health care.

Education

SACHET Pakistan endeavors to promote quality education under its umbrella Program-SACHET Community Development Program (SCDP) to both boys and girls of the community. Initiatives include primary and secondary formal education through public sector school rehabilitation program, computer literacy, documentation centre, Dr. A.Q.Khan Scholarships for deserving students of the community, especially girls.

Under Scholarship Project, a total number of 46 deserving students (17 boys and 29 girls) from localities of Banigala, Gagri, Pinyali and Pathargarh were provided financial assistance for their continuing educational expenses.

Training

Training Program of SACHET is carefully charted out and implemented as this program makes vital investment in human resources for the benefit of present as well as future.

Under computer training project, 163 students 96 boys

and 67 girls were provided hands on training on basic computing, advance computing and hardware.

Under vocational training project, 937 female community members were given training on cutting, sewing, stitching, and embroidery and on preparation of interior decoration items at the three centers located at Pathargarh, Gagri and Pinyali.

Awareness and Advocacy

Under Community Awareness/advocacy programs, 109 Mehfil (Bhrawan di Mehfil, Behnan de Mehfil) and 82 individual sessions were held at all four SACHET Community Development Program (SCDPs) centers, namely Pathargarh, Pinyali, Gagri and Banigala. These Mehfil (seminars) were regularly held in which community members participated and discussed various socio-economic issues faced by the community and ways to solve these issues. Preventive measures to avoid diseases like HIV aids, Hepatitis, diabetes, seasonal diseases for adults and children were also discussed and knowledge imparted for prevention and cure.

Partnership Programs

During 2013, following Projects were implemented by SACHET with active collaboration and financial support of partners/donors:

1. Gender Equity Program, Cycle 6 (Aurat Foundation, USAID)

SACHET Pakistan has implemented a project "Advocacy and Information Dissemination Campaign" under Gender Equity Programme (grant cycle 6A) of Aurat Foundation with the support of the American People through United States Agency for International Development (USAID). The project was implemented in five target districts of Punjab: Rawalpindi, Chakwal, Mandi Bhauddin, Sargodha and Khushab including the provincial head quarter Lahore. The campaign was nine months long starting from November 1st, 2012 to July 31st, 2013. The programme component of the grant was managed by Aurat Foundation whereas the financial component of the grant was managed by The Asia Foundation. Under this campaign, SACHET

disseminated the information on pro-women legislation, promoted GEP supported shelters and help lines and also sensitized women to participate in the political process by casting their vote. It involved different stake holders in its different activities including journalists, government officials, police, lawyers, teachers, doctors, students, community Influentials, civil society organizations, community based organizations and people from different professional groups.

Total direct beneficiaries were 1116 (663 women and 453 men) and more then 200,000 indirect beneficiaries received services through FM radio and dissemination of communication material including posters and brochures.

Adolescent activists performing theater on health issues at Bari Imam Islamabad. (2013)

2. Reproductive Health Initiative with Adolescents (Plan International Pakistan)

RHIA is a Child Centered Community Development project focusing on sexual and reproductive health of adolescents with a clear purpose of creating an enabling environment where children participation in economic and social development is ensured; opportunities are provided to facilitate the process of learning; and their life skills are developed. The project was implemented by Community of Muslim Colony Bari Imam, facilitated by SACHET and Plan International Pakistan.

By the end of June 2013 a total number of 1679

adolescents have been registered in Bari Imam who have been actively involved in activities under RHIA including awareness sessions, trainings, life skill based education, sports etc. Health and environment committees of Bari Imam are also engaged in planning and community mobilization within their communities thus ensuring self sustainability and community ownership.

AFCs (Adolescent Friendly Centres) are the hub of project activities being undertaken at community level. RHIA has empowered adolescents' girls and boys, women and men to take self initiatives and gain self confidence. It has provided them access to knowledge and skills and has improved access to reproductive health services. Such activities enable adolescents to act with a sense of responsibility, assertiveness, confidence and active citizenship.

3. Policy Dialogue on GBV and Health (UNFPA)

A policy dialogue on GBV (Gender Based Violence) as a public health issue in Pakistan was organized by Alternative Perspectives, AGEHI Resource Centre SACHET Pakistan in collaboration with UNFPA on March 20, 2013 to commemorate International Day of women & health day 2013.

The policy dialogue was chaired by the Country Representative of UNFPA Mr. Rabbi Royan, moderated by Dr. Rakhshinda Perveen Founding Executive Director SACHET and founder Alternative Perspectives. The context was based on a research study “Rapid assessment; health sector capacity & response to gender based violence in Pakistan” published by WHO Regional office for the Eastern Mediterranean and UN in 2011. The principal investigator and author was Dr. Rakhshinda Perveen.

The distinguished panelists included: Honorable Justice Muhammad Al Ghazali, Legal expert, trainer, expert victimologist and scholar Ms. Humaira Masihuddin, Gender expert Ms. Masuma Butt, WHO, Dr. Nasser Mohyuddin- a public health expert and CEO National trust for population welfare (NATPOW), Mr. Kahar Zalmay , a free lance journalist and human rights defender (FATA & KP), Mr. Zulfqarnain Asghar (CSOs and representative for disabled persons), Dr. Yasmin Zaidi (Gender specialist and women rights activist), Mr. Ismail Mehsud (tribal belt rep.), Mr. Imran Khan – youth rep. & gender expert(Baluchistan) and Mr. Noor Muhammad (youth rep.& gender expert (Gilgit Baltistan). Other participants included policy makers, lawyers, CSO representatives, Medical doctors, police, students and media.

Report has also been published and it can be viewed on our website, www.sachet.org.pk/publications

Group photo of participants and SACHET senior management with chief guest Mr. Rabbi Royan.

Mr. Rabbi Royan (Country Representative UNFPA) addressing at the session.

4. Interactive Theatre Workshop for communicating ASRH messages and Information (Plan International Pakistan and AKRSP)

AGEHI Resource Centre, SACHET conducted a five day training workshop with 44 adolescent girls (20) and boys (24) from four districts of GB (Gilgit Blatistan) and Chitral (KhyberPakhtoonkhwa) in collaboration with Plan

International Pakistan and AKRSP (Aga Khan Rural Support Programme) at Karimabad Hunza from 24-28 June 2013.

The training was focused on ASRH messages and information and basics of Interactive Theatre. The training resulted in delivering four interactive theatres with written scripts by the participants.

The training ended in a formal closing ceremony which was attended by chairs of LSOs (local support organizations) of AKRSP and officials from Health Department of District Hunza-Nagar, Government of Gilgit Blatistan.

Participants of theater workshop with their certificates during the closing ceremony in Hunza.

Adolescent participants of theater workshop in Hunza.

AGEHI Resource Center (Advocates of Gender, Education and Health information Center)

AGEHI Resource Center of SACHET is an intellectual and a technical resource arm, a brain trust and a think tank. As an independent entity, it carries out research on number of socio-economic issues in accordance with the vision of SACHET, designs programs, oversees implementation and evaluation of the programs to maintain their standards and quality of delivery.

AGEHI Resource Center was founded in 2001 and has since implemented a number of acclaimed programs for the empowerment of community in general and empowerment of adolescents (boys & girls) in particular. Some of these programs are:-

- 1) RHIYA (Reproductive Health Initiative for Youth in Asia), Chakwal District (EC, UNFPA)
- 2) BCC (Behavior Change and Communication) Project, Rawalpindi and Islamabad, USAID
- 3) PRHB (Promoting Responsible & Healthy Behaviors), urban slums of Islamabad (Plan International)
- 4) Gender Equity Project (GEP), Islamabad, Lahore, Karachi and Peshawar (British Council)
- 5) Women Friendly Spaces (WFS), Mansehra (UNFPA)
- 6) RHIYA (Reproductive Health Initiative for Youth in Asia), MDGs, Conference (UNFPA)
- 7) RHIA (Reproductive Health Initiative with Adolescents), Chakwal (Plan International)
- 8) RHIA (Reproductive Health Initiative with Adolescents), urban slums of Islamabad (Plan International)
- 9) RHIA (Reproductive Health Initiative with Adolescents), Bari Imam Islamabad (Plan International)
- 10) Communicating Gender in Print Media Workshop, Islamabad (UNFPA)
- 11) PPARH (Pakistan Program for Adolescent Reproductive Health) Mansehra (UNFPA)
- 12) PPARH (Pakistan Program for Adolescent Reproductive Health) Chakwal (UNFPA)
- 13) Gender Equity Program (Cycle 4), Rawalpindi, Attock, Chakwal, Jehlum, Khushab, Mandibahauddin, Mianwali, Bhakar, Sargodha, Gujrat (Aurat Foundation, USAID)
- 14) Benazir Sehat Card, Communication and Distribution Campaign, Faisalabad (GIZ)
- 15) Gender Equity Program (Cycle 6) Lahore, Sargodha, Khushab, Mandibahauddin, Chakwal, Rawalpindi (Aurat Foundation, USAID)

SACHET highly appreciates the support and trust provided by Plan International Pakistan, UNFPA, GIZ of Germany, BISP, USAID, Aurat Foundation, Asia Foundation, British Council etc in implementing these programs.

Millennium Development Goals and contribution of SACHET towards achieving these goals.

To recapitulate, Millennium Development Goals (MDG's) are eight international development goals that were established in 2000 under the aegis of United Nations by 189 nations and at least 23 international organizations to help achieve following goals by 2015.

1. **To eradicate extreme poverty and hunger**
2. **To achieve universal primary education**
3. **To promote gender equality and empower women**
4. **To reduce child mortality**
5. **To improve Maternal Health**
6. **To combat HIV/AIDS, Malaria & other diseases**
7. **To ensure environmental sustainability**
8. **To develop a global partnership for development**

According to Pakistan Economic Survey 2013-14, as of 2010-11, 12.4 % of population of Pakistan was living below national poverty line, (i.e. about 23.3 million Pakistanis). Though indices poverty shows a declining trend, yet the absolute poor in our society make a staggering number. So much is required to be done in this field.

Net Primary Enrolment Ratio (5-9 years), during 2012-13 remained 57 percent with female net primary enrolment rate remaining below 50 % in the Province of Sindh,

Baluchistan and KPK. It is obvious Pakistan is missing 100% universal primary education goals to be achieved by 2015. The neglect of female education points towards gender inequality. Female labor force Participation rate remains consistently around 21.5 percent as against about 70% for men. Under five Child mortality rate in 2013 was 89 against the MDG of 52. Maternal Mortality rate was 260 in 2010-2011 against MDG of 140.

In brief Pakistan is long way off in meeting MDGs. Efforts of SACHET since inception is to contribute towards achieving the MDG's. However the availability of material resources allows only a modest contribution. SACHET with its decade and half visible experience of achieving socio-economic community development is well poised to expand its efforts. Towards this objective, SACHET looks forward to grants/ donations from partners and philanthropists as well as local government to enable it to implement its well tested development program strategies.

At the end of this Report, a grant /donation form has been added; indicating the way forward, how you as individual or representing an institution can become a supporter of on going activities of SACHET.

Society's Finances

Bhrawan Di Mehfil (Men's Assembly) at SCDP, Pathargarh, Attock. 2013

Use of Non-Current Assets

Property & Equipment

Since inception in 1999, Society prudently invested its funds in community based medical clinics, technical and vocational centres, office building, auditorium, Media Production House etc. The result is that today Society, unlike many other NGO's does not need to pay rentals. All its functions are performed from offices and buildings owned by Society. Similarly the land and buildings of SACHET Community Development Centers and Clinics are owned by SACHET.

Long term Investments

The cash resources and surplus funds generated due to operations are again prudently invested in Regular Income Certificates of National Savings Scheme. Here the principal amount is safe and protected. The rates of return on all National Savings Schemes having been reduced (from 13.33 % per annum to 11.88 % per annum in the case of Regular Income Certificates), has drastically cut down the Society's income.

The investment in Regular Income Certificates and TDR has continuously increased from Rs.60 million in the year

2000 to over Rs. 100 millions in the year 2013. There is a need to increase these investments up to Rs.130-Rs 140 million so as to generate additional income to sustain present level of operations.

Society has made continuous efforts to supplement income/surplus from partnership programs in order to offset loss of income from lowering of rates of profit on the Regular Income Certificates.

Society has also made appeals, for the first time since inception in 1999, to the philanthropists to donate funds for increasing the financial endowment funds of SACHET.

The Society's endowment fund has always been used prudently under the guidance of the President Dr. A.Q Khan NI & Bar HI and the Members of the Board of the Directors and first Secretary General of the Society, late Mr. I.A Bhatti have been prudently invested. Since his demise, this work is carried on by the Chief Executive Director, Brig. (Retd) M. Sajawal Khan, Mr. Muhammad Faheem, a retired civil servant with education and training in Financial Management, Dr. Rakhshinda Perveen, Co-Founder of SACHET Pakistan and a social development practitioner of international repute, along with a team of highly competent development, communications and management experts.

Your help and support can make a huge
difference in the lives of underprivileged
communities.

Acknowledgment

A very special thanks to the local communities of Rawalpindi, Chakwal, Attock, Jhelum, Sargodha Gujrat, Mandibahauddin, Khushab, Mianwali and Bhakar Districts for the cooperation extended to SACHET-Pakistan for implementing programs in social and economic development. Special thanks are due to the respective local authorities, district councils, Capital Development Authority, provincial departments, our partners and donors, in particular to Plan Pakistan, Plan International, USAID, Aurat Foundation, The Asia Foundation, GIZ, Hilton Pharmaceuticals, concerned federal ministries and government departments. Without their moral, technical as well as material support, it would not have been possible for SACHET family to serve the under-privileged communities.

Vision Statement of SACHET Pakistan

SACHET operates on the deep conviction that it is here to give optimism to the disadvantaged in society. There fore Faiz's stirring; poetic salute to the socially marginalized serves as an appropriate poetically articulates vision statement for our organization

We shall live to see

We shall live to see,
so it is written,
We shall live to see,
The day that's been promised,
The day that's been ordained;
The day when the mountains of oppression
Will blow away like wisps of cotton;
When the earth will dance
Beneath the feet of the once enslaved;
And heavens'll shake with thunder
Over the heads of tyrants;
And the idols in the House of God
Will be thrown out;
We the rejects of the earth,
Will be raised to a place of honour.
All crowns'll be tossed in the air,
All thrones'll be smashed,
And God's word will prevail,
He who is both present and absent
He who's beheld and is the beholder.
And truth shall ring in every ear,
Truth which is you and I.,
We, the people will rule the earth
which means I, which means you.

(Faiz Ahmed Faiz)

Translated into English by - Khalid Hassan

ہم دیکھیں گے
لازم ہے کہ ہم بھی دیکھیں گے
وہ دن کہ جس کا وعدہ ہے
جو لوحِ ازل میں لکھا ہے
جب ظلم و ستم کے کوہِ گراں
روٹی کی طرح اُرجائیں گے
ہم محکوموں کے پاؤں تلے
جب دھرتی دھڑ دھڑ دھڑ کے گی
اور اہلِ حکم کے سر اُپر
جب بجلی کڑکڑ کرے گی
جب ارضِ خُدا کے کعبے سے
سب بُت اٹھوائے جائیں گے
ہم اہلِ صفا، مرد و حرم
مسند پہ بٹھائے جائیں گے
سب تاج اُچھالے جائیں گے
سب تخت گرائے جائیں گے
بس نام رہے گا اللہ کا
جو غائب بھی ہے حاضر بھی
جو منظر بھی ہے ناظر بھی
اور راج کرے گی خلقِ خدا
جو میں بھی ہوں اور تم بھی ہو
